Dear Kevin/Sundae et al:

As we are winding down the Wilson project, I just wanted to take a minute to thank you for all of the extraordinary work that went into this house. When we started, there was no front shower, the kitchen was down three stairs, and the entire front was in great need of a general "lightening up".

As we looked back on the "before" pictures and all of the conversations between you, Janet and ourselves, I am struck with how much quality work you were able to accomplish with the budget we had available. Both the interior and the exterior look awesome, especially the new kitchen and the new front bathroom.

Please thank Mike, Steve, Nathan, Aaron, Scott and all the rest of the people who contributed so much to this very worthwhile project. Julie, Steve and myself, and I think I can speak for Janet, do truly appreciate the great work you all put into this endeavor.

I certainly hope we can work with you in the near future!

Yours,

Michael Groshong
Rehabilitation Inspection Coordinator
